

INFO BROCHURE 2026

About Us

Neverland is not your average pre-school, we create a second home for your child. A home where we love, care and respect one another. We share our thoughts and encourage our little humans to embrace differences, differences that makes us unique and qualities that bind us.

We teach them about our wonderful life God intended for us to enjoy, this includes getting dirty but also about self-care.

Our children enjoy the outdoors as much as nature allows us to, we teach them valuable life skills through outdoor play.

Neverland is a place where your child is not forced to grow up but encouraged to enjoy their childhood freedom.

Curriculum

We believe in combining various teaching techniques by using the Grow curriculum integrated with Montessori principles. Our educational approach is integrated and child friendly, we do not force principles and evaluate every child based on their individual emotional intelligence profile.

Our children are taught how to be independent and have responsibilities in their classes, from line-leader to snack assistant, everyone plays their part and gets rewarded for their efforts.

Fee Structure
